Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013

Item No. 3

In terms of the provisions of Section 139, 141, 142 & 143 of the Companies Act, 2013, Act read with Rules made thereunder as well as Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 and RBI Guidelines RBI/2021-22/25 Ref.No.DoS.CO.ARG/SEC.01/08.91.001/2021-22 dated April 27, 2021 (“RBI Guidelines), the members of the Company in their Extra-Ordinary General Meeting held on March 21, 2023, appointed M/s. A Prasad & Associates, Chartered Accountants having Firm Registration No. 004250C as Statutory Auditors of the Company to conduct the Statutory Audit for the financial year ended on March 31, 2023 at mutually agreed audit fees and to fill the casual vacancy caused by the resignation of M/s. Shiv Shankar Khandelwal & Co., Chartered Accountants (FRN 006852C) on March 13, 2023 pursuant to the RBI Guidelines, who shall hold office until the conclusion of ensuing Annual General Meeting of the Company.

The Audit Committee and Board of Director in their meeting held on May 23, 2023, evaluated the performance of Statutory Auditor and recommended the re-appointment of M/s. A Prasad & Associates, Chartered Accountants (Firm Registration No. 004250C) as Statutory Auditors of the Company for a period of one year till the conclusion of the 16th Annual General Meeting, at mutually agreed audit fees plus all the taxes and out of pocket expenses or as may be mutually decided from time to time as per actual, to conduct the audit for the financial year 2023- 24.

Further, the provisions of Sections 139 of the Companies Act, 2013 read with Rules made thereunder require that such a Resolution be passed by way of an Ordinary Resolution. The consent of the members is hereby requested on the proposed resolution(s) by way of Ordinary Resolution(s).

Your Directors recommend the passing of the Ordinary Resolution(s) proposed in Item Nos. 3 of this Notice.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in this resolution in the Company.

Item No. 4 & 5

In view of expected growth in business of the Company, it is necessary for the Company to borrow funds from various sources and to increase the existing limit from Rs. 2000 million (Rupees Two Thousand Million) to Rs. 2500 million (Rupees Two Thousand Five Hundred Million). The Board of Directors at its meeting held on May 23, 2023 has approved the proposal to increase the limit to borrow from time to time such sum or sums of monies as they may deem necessary for the purpose of the business of the Company, notwithstanding that the monies to be borrowed together with the monies already borrowed by the Company (apart from temporary loans obtained from company's bankers in the ordinary course of business) and remaining outstanding at any point of time will exceed the aggregate of the paid-up share capital of the Company and its free reserves, that is to say, reserves not set apart for any specific purpose, and Securities Premium Account, provided that the total amount upto which monies may be borrowed and which shall remain outstanding at any given point of time shall not exceed the sum of Rs. 2500 million (Rupees Two Thousand Five Hundred Million). The borrowings of the Company in general are required to be secured from time to time by creation of hypothecation, mortgage or charge on all or any of the movable or immovable property/assets of the Company in such form and manner as may be required by the lenders and acceptable to the Company. Mortgaging or creating charge by the Company of its assets to secure the funds borrowed from time to time within the overall limits of borrowing powers delegated to the Board, may be construed as disposal of the Company's undertaking within the meaning of Section 180(1)(a) of the Companies Act, 2013. It is therefore considered necessary for the Members to authorize the Board to create mortgage/charge on Company's assets in the manner proposed in the Resolution to secure the funds borrowed by the Company from time to time.

Further, the provisions of Sections 180(1)(c) and 180(1)(a) of the Companies Act, 2013 read with Rules made thereunder require that such a Resolution be passed by way of a Special Resolution. The consent of the members is hereby requested on the proposed resolution(s) by way of Special Resolution(s).

Your directors recommend the passing of the Special Resolution(s) proposed at Item Nos. 4 & 5 of this Notice.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in this resolution in the Company.

Item No. 6

Due to the increase in long term capital requirements and to maintain the growth, the issuance of Non-Convertible Debentures (NCDs) in compliance with the provisions of Companies Act, 2013 (“Act”) read with Rule 14(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 as amended from time to time, is beneficial for the Company. The Board at its Meeting held on May 23, 2023, has approved the proposal for the issuance of NCDs within the overall borrowing limits of the Company of Rs. 2500 million (Rupees Two Thousand Five Hundred Million). The NCDs would be issued for cash either at par or premium to face value depending upon the prevailing market conditions.

Pursuant to the provisions of Sections 23, 42, 179 and other applicable provisions of the Act read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 and Rule 8 of the Companies (Meetings of Board and its Powers) Rules, 2014 (including any modifications or re-enactments thereof, for the time being in force), the Proposal requires the approval of members by way of a Special Resolution. Accordingly, the approval of the members is being sought by way of Special Resolution as set out at Item No. 6 for issue of secured/unsecured, rated/unrated, listed/unlisted Non-Convertible Debentures on a private placement basis, to any category of investors eligible to invest in the Debentures from time to time, for a year from the date of passing of this Resolution, in one or more series or tranches, not exceeding the total borrowing limit of the Company i.e. Rs. 2500 million (Rupees Two Thousand Five Hundred Million). The disclosures required pursuant to Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 are set out hereinbelow:

Particulars of the offer including date of passing of board resolution: This special resolution is being passed in terms of the third proviso to Rule 14(1) of Companies (Prospectus and Allotment of Securities) Rules, 2014 for the issuance of NCDs, from time to time, for the period of 1 (one) year from the date hereof and accordingly this question is not applicable at present. The particulars of each offer shall be determined by the Board of Directors (including any committee duly authorized by the Board of Directors thereof), from time to time;

a) Kinds of securities offered and price at which security is being offered: This special resolution is restricted to the private placement issuance of Non-Convertible Debentures by the Company which may be secured/unsecured/subordinated, rated/unrated, listed/unlisted with the terms of each issuance being determined by the Board of Directors (including any committee duly authorized by the Board of Directors thereof), from time to time, for each issuance;

b) Basis or justification for the price (including premium, if any) at which offer or invitation is being made: Not applicable;

c) Name and address of valuer who performed valuation: Not applicable;

d) Amount which the Company intends to raise by way of such securities: As may be determined by the Board of Directors from time to time but subject to the limits approved under Section 42 of the Companies Act, 2013 of up to Rs. 2500 Million (Rupees Two Thousand Five Hundred Million);

e) Material terms of raising such securities, proposed time schedule, purposes or objects of offer, contribution being made by the promoters or directors either as part of the offer or separately in furtherance of objects; principle terms of assets charged as securities: This special resolution is being passed in terms of the third proviso to Rule 14(1) of Companies (Prospectus and Allotment of Securities) Rules, 2014 for the issuance of NCDs, from time to time, for the period of 1 (one) year from the date hereof and accordingly this question is not applicable at present. The particulars of each offer shall be determined by the Board of Directors (including any committee duly authorized by the Board of Directors thereof), from time to time.

Your directors recommend the passing of the Special Resolution(s) proposed at Item No. 6 of this Notice.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in this resolution in the Company.

ANNEXURE-2

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

Housing Finance Companies (“HFCs”), along with Non-Banking Financial Companies (“NBFCs”) and banks, are critical pillars for financial services in India. Housing is a necessity in every economic system and is a core of wellbeing and social welfare. Development of housing is an important tool for economic growth and development as small initiatives in housing leads to multiplier effect in the economy.

HFCs play an important role in the Indian financial system by complementing and competing with banks, specializing in credit delivery to home buyers, provide an opportunity to those businesses which want to monetize their real estate assets and developers. They develop strong niches with their specialized credit delivery models that even larger players including banks have found hard to match.

Housing not only provides physical shelter but also has significant impact on the lives of the dwellers in terms of skills enhancement, income generation, increased security, health, self-confidence and human dignity. Housing finance development, therefore, plays a role in boosting equitable economic growth and reducing poverty through helping households build assets, improving living conditions, empowering the middle- and lower-income population, and strengthening communities. A large portion of our population is still lacking proper housing facility. The housing problem in India is an upsetting problem both in the rural and urban areas.

The home loan market is expected to double in the next five years with 70 per cent of home loans potentially be less than the ticket size of Rs. 50 lakh, catalyzed by urbanisation and affordable mortgage rates. In 2021, the affordable housing segment with ticket size up to Rs. 35 lakh comprised 90% of the market in terms of volume and about 60% based on value. Growth in FY 22-23 was driven by healthy demand and growing economic activity without compromising growth and asset quality estimates. According to the Housing Price Index (HPI) published by the National Housing Bank, the overall increase in composite HPI assessment and HPI market price in the quarter ending September 2022 compared to the quarter ending September 2021 indicates a revival in the housing finance sector.

Assets under management (AUM) of housing finance companies were expected to grow 10-12% in FY 22-23 compared to 8% in FY 21-22. Housing finance companies registered a double-digit growth rate of 11% in FY 22-23 on year, surpassing 7% growth by banks. The growth of the housing finance sector in FY 21-22 was 9%, driven largely by the affordable housing segment. At present, India’s home loan market is valued at about Rs. 24 lakh crore and is expected to double in the next five years with mortgage to GDP ratio rising commensurately from 11% in 2022.

TECHNOLOGY

Company is using the cloud-based Software platform. The company applies its robust technology infrastructure across its business functions to drive healthy underwriting and faster turnaround.

Your Company will drive its future business on robust technological platform and will adopt best available ongoing technological innovation for seamless Customer acquisition and service.

SIGNIFICANT CHANGES IN THE REGULATORY FRAMEWORK

On February 17, 2021, RBI issued Master Direction - Non-Banking Financial Company - Housing Finance Company (Reserve Bank) Directions, 2021. These directions came into force with immediate effect. Some of the significant changes include the change in the definition of 'principal business' and 'housing finance'. Accordingly, a company will be treated as a Non-Banking Financial Company – Housing Finance Company (NBFC-HFC) if it meets two key conditions. First, the total assets (netted off by intangible assets), not less than 60% should be towards providing finance for housing. Second, out of the total assets (netted off by intangible assets), not less than 50% should be by way of housing finance for individuals. RBI has also specified the criteria as to what comprises housing finance.

Post change in regulatory directions for HFCs in February 2021, the regulator with a view to enhance governance among HFCs, notified the Scale Based Regulations framework for NBFCs effective from October 1, 2022. Level based regulatory structure for NBFCs based on size, activity and riskiness. Your Company is categorized in the Middle Layer and endeavors to ensure the compliance with this notification. Scale based regulations entail further alignment of regulations of NBFCs with those applicable to banks on internal capital adequacy assessment process, concentration of credit/investment, large exposure framework, role of the chief compliance officer, senior management compensation and adoption of core financial services solution, amongst others. Various timelines have been stipulated for compliance with the same.

The LEI guidelines were extended to UCBs and NBFCs. Further, the threshold limit where all non-individual borrowers were required to obtain LEI was reduced from Rs. 500 million to Rs. 50 million. Accordingly, all non-individual borrowers of scheduled commercial banks (SCBs), All India Financial Institutions (AIFIs), local area banks (LABs), small finance banks (SFBs), UCBs and NBFCs (including HFCs) having total exposure of Rs. 50 million and above are now mandated to obtain LEI in a phased manner.

OPPORTUNITIES AND THREATS

The Housing Finance sector in India registered steady growth for over a decade till 2019. However, challenging macroeconomic environment and Covid-19 induced disruptions have induced a slowdown in growth numbers in FY20, FY21 & FY22. Despite the challenges, rising disposable incomes and India's low mortgage penetration promise an immense growth potential in the sector. HFCs have played an important role by providing funding to the unbanked sector by catering to the financial needs of the customers with regard to housing and construction. In the current year, the challenges for HFCs have moved from liquidity to asset quality with the Covid-19 outbreak and the impact on customer's repayment capacity to repay loans on time.

The Company have a robust risk management framework with a deep understanding of underwriting and credit controls which will help us to mitigate the risk of deterioration in asset quality. Cost of Funds is expected to moderate given excess liquidity in the economy due to various measures taken by RBI. We expect to have a cost-effective access to funds with improved business performance despite of pandemic. We intend to expand our relationship with both public as well as private lenders (banks), NHB, DFIs and multilateral institutions, thereby diversifying our lender base.

The affordable housing sector is positioned for strong growth and is turbocharged by the robust demand, liquidity support from NHB and tax incentives offered by the government. Sustained productivity through branch network expansion can lead to a continual improvement in cost ratios going forward.

PRADHAN MANTRI AWAS YOJANA (PMAY)

The Company endeavours to provide a dignity of living to its customers. Our customers largely come from low income groups managing small scale businesses or blue-collared jobs while dwelling in peri-urban and semi-urban India.

Pradhan Mantri Awas Yojana (PMAY) is an initiative by the Indian government (launched in 2015). The mission addresses housing shortage among the EWS/LIG and MIG categories including slum dwellers by ensuring a pucca house (affordable housing) to all eligible households. In continuation to this Government's efforts towards empowerment of women from EWS and LIG unlike earlier schemes, PMAY (U) has made a mandatory provision for the female head of the family to be the owner or co-owner of the house under this Mission. As per the Union Budget 2023-24, the Government proposes to increase capital expenditure outlay of PMAY by 33 percent of the GDP.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE OF THE COMPANY

During the Financial Year 2022-23, Company's total loan stood amounting to Rs. 328.55 million out of which the Company has Housing Loans amounting to Rs. 245.58 million and Mortgage Loans amounting to Rs. 82.97 million.

The Net Profit after Tax for the year decreased by Rs. 4.92 million from Rs. 5.60 million in FY 2021-22 to Rs. 0.68 million in FY 2022-23.

The Company's Gross Income amounting to Rs. 27.52 million in FY 2022-23 in comparison to Rs. 15.61 million in FY 2021-22, representing an increase of 76.30 %. Net interest income of the Company increased by 42.92%, from Rs. 15.61 million in FY 2021-22 to Rs. 22.31 million in FY 2022-23.

Expenses increased by 175.85 % from Rs. 9.65 million in FY 2021-22 to Rs. 26.62 million in FY 2022-23.

The provision for taxation during the year was Rs. 1.29 million. An amount of Rs. 0.14 million is being transferred to the Special Reserve Fund for FY 2022-23, pursuant to the provisions of Section 36 (1) (viii) of The Income Tax Act, 1961.

OUTLOOK

The Outlook of the Company for the year ahead is to drive profitable growth across all the segments. Growth prospects will depend on many factors, not least how the pandemic evolves, the prospect of future shutdowns, the impact of social distancing norms and the implementation of fiscal and monetary policy support.

Pent-up demand and robust consumer sentiment for home ownership in the aftermath of the pandemic underlay strong recovery in the residential housing sector in 2022-23. In 2022- 23, housing launches improved consistently in terms of completed projects after two years of intermittent shutdowns. Housing sales picked up in H1:2022-23 and recovered in Q4 after briefly losing momentum in the third quarter. The Budget 2023-24 has clearly underlined the government's intentions to keep up with its promises and the role real estate can play in achieving them. The Budget has made a strong push for green energy, and this cannot be done without decarbonizing the real estate industry.

We are very positive on the business environment. Affordable Housing Finance is a multi-decade opportunity. Your Company will strive to attain strong fundamentals led by a strong balance sheet with a robust risk management framework. We will leverage technology to automate processes, reduce costs and improve customer service. We will continue to contribute value to all our stakeholders with sustainable & profitable growth.

RISKS AND CONCERN

The Company is exposed to various kinds of risks like credit risk, market risk, liquidity risk and operational risk arising out of business operations, which include mortgage lending, liability management etc. In order to mitigate these risks the Company has developed and implemented a risk management framework which encompasses practices relating to identification, assessment monitoring and mitigation of various risks to key business objectives. The Risk management framework of the Company seeks to minimize adverse impact of risks on our key business objectives and enables the Company to leverage market opportunities effectively.

The Company has a robust credit risk management framework implemented through various policies, manuals and guidelines. The Company has implemented a pre and post disbursement credit risk control system ensuring effective risk analysis and measurement, periodic monitoring and reporting based on various parameters and adherence to amendments in policy changes. The delegation structure for approval of credit limits is approved by the Board of Directors.

The various key risks to key business objectives are as follows:

Credit Risk: The possibility of losses associated with diminution in the credit quality of borrowers or counterparties. In a credit portfolio, losses stem from outright default due to inability or unwillingness of a customer or counterparty to meet commitments in relation to lending, trading, settlement and other financial transactions.

Liquidity Risk: It is the risk that the Company will be unable to meet its financial commitment to a Bank/ Financial Institution in any location, any currency at any point in time.

Interest Rate Risk: It is the risk where changes in market interest rates might adversely affect the Company's financial condition. The short term/immediate impact of changes in interest rates are on the Company's Net Interest Income (NII). On a longer term, changes in interest rates impact the cash flows on the assets, liabilities and off-balance sheet items, giving rise to a risk to the net worth of the Company arising out of all reprising mismatches and other interest rate sensitive positions.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate internal controls and processes in place with respect to its financial statements, which provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements. These controls and processes are implemented through various policies, procedures and certifications which commensurate with the size and nature of the Company's business. The processes and controls are reviewed periodically. The Company has a mechanism of testing the controls at regular intervals for their design and operating effectiveness to ascertain the reliability and authenticity of financial information.

These systems provide reasonable assurance in respect of providing financial and operational information, complying with applicable statutes, safeguarding of assets of the Company, prevention and detection of frauds, accuracy and completeness of accounting records and ensuring compliance with Company's policies.

INDEPENDENT AUDITOR'S REPORT

To the Members of
SATYA MICRO HOUSING FINANCE PRIVATE LIMITED

Report on the audit of the financial statements

Opinion

We have audited the financial statements of SATYA MICRO HOUSING FINANCE PRIVATE LIMITED (“the Company”), which comprise the balance sheet as at 31 March 2023, and the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“the ICAI”) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor’s report thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the financial statements and our auditor’s report thereon. These reports are expected to be made available to us after the date of this auditor’s report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and shall comply with the relevant applicable requirement of SA 720 (Revised), 'The Auditor's Responsibilities Relating to Other Information.

Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

- Conclude on the appropriateness of Management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

The comparative financial information of the Company for the year ended 31st March 2022 and the transition date opening balance sheet as at 1st April 2021 prepared in accordance with Ind AS included in these financial statements have been audited by the predecessor auditor. The report of the predecessor auditor on the comparative financial information and the said opening balance sheet dated 9 May, 2022 expressed an unmodified opinion.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

- (e) On the basis of the written representations received from the directors as on 31 March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure B**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the matter to be included in the Auditor's Report under section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Companies under the Group, to its directors during the current year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position as on 31 March 2023.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The Management has represented that, to the best of its knowledge and belief, no funds which are material either individually or in the aggregate have been advanced or loaned or invested either from borrowed funds or share premium or any other sources or kind of funds by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - v. The Management has represented, that, to the best of its knowledge and belief, no funds which are material either individually or in the aggregate have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - vi. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material misstatement.
 - vii. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

viii. No comments have been offered as regards the maintenance of books of account using accounting software which has a feature of recording audit trail (edit log) facility under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 since the said requirements under proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 are not applicable to the Company for the financial year ended on March 31, 2023.

ANNEXURE B TO INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **SATYA MICRO HOUSING FINANCE PRIVATE LIMITED**)

Report on the Internal Financial Controls with reference to financial statements of **SATYA MICRO HOUSING FINANCE PRIVATE LIMITED** ('the Company') under Clause (i) of Sub -section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to financial statement of **SATYA MICRO HOUSING FINANCE PRIVATE LIMITED** ('the Company') as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company generally has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to financial statements reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI).

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statement and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on

the auditor's judgement, including the assessment of risk of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements of the Company.

Meaning of internal financial controls with reference to financial statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of internal financial controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

6.1 Disclosure for acquired pool

The Company during the current year, has acquired a pool of certain loans outstanding of ₹ 214.24 million as at March 31, 2023 (as at March 31, 2022 Nil and as at April 01, 2021 Nil) by way of a deed of assignment. These loan assets have been recognised, as the purchase of loan asset, as an absolute assignment and transfer on a 'without-Recourse' basis. In terms of an assignment transaction, the company receives from the assignor on a monthly basis, the pro rata collection amount on agreed terms.

6.2 Loans and receivables are non-derivative financial assets which generate a fixed or variable interest income for the Company. The carrying value may be affected by changes in the credit risk of the counterparties.

6.3 Collateral and other credit enhancements:

Loans granted by the Company are secured by any or all of the following as applicable, based on their categorisation:

- Equitable / registered mortgage of property.
- Undertaking to create a security.
- The personal guarantees of borrowers
- Assignment of insurance policies.

6.4 The Company monitors the value of collateral and will request additional collateral in accordance with the loan agreement.

6.5 Includes loans under on-going cheque handover post completion of disbursement process.

6.6 There were no loans given against the collateral of gold jewellery, hence the percentage of such loan to the total outstanding assets is Nil (as at March 31, 2022 Nil and as at April 01, 2021 Nil)

6.7 Housing & Non Housing Loan

27 Fair value measurement

(i) Fair value measurement of financial instruments

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Financial assets and liabilities measured at fair value - recurring fair value measurements

The carrying values of financial instruments measured at amortised cost is considered to be a reasonable approximation of their fair values.

ii) Risk Management

The Company's activities expose it to liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

A) Credit risk

Credit risk arises from cash and cash equivalents, trade receivables, investments carried at amortised cost and deposits with banks and financial institutions.

a) Credit risk management

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk on financial reporting date

B: Moderate credit risk

C: High credit risk

Assets under credit risk –

Credit rating	Particulars	March 31, 2023	March 31, 2022	April 01, 2021
A: Low credit risk	Cash and cash equivalents, other bank balances, investments, loans, trade receivables and other financial assets	438.63	152.59	132.88
B: Moderate credit risk	Loans and other financial assets	-	-	-
C: High credit risk	Loans and other financial assets	-	-	-

The risk parameters are same for all financial assets for all period presented. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 180 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

29 Capital management**(a) Risk management**

For the purpose of the Company's capital management, capital includes issued equity share capital, security premium and all other equity reserves attributable to the equity holders of the Company.

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. 30: Employee Benefit Plans**A. Defined contribution plans****Provident and other funds**

The Company makes contribution to provident fund, employee state insurance scheme contributions, labour welfare fund and national pension scheme which are defined contribution plans, for qualifying employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits.

Particulars	March 31, 2023	March 31, 2022

Employee state insurance	0.02	0.01
Total	0.68	0.01

B. Defined benefit plans

The Company has an unfunded defined benefit gratuity plan leave encashment plan. Every employee who has completed five years or more of service is eligible for gratuity, on cessation of employment and it is computed at 15 days salary (last drawn salary) for each completed year of service subject to limit of ₹ 2 million as per the Payment of Gratuity Act, 1972. Provision for unfunded gratuity liability for all employees is based upon actuarial valuations carried out at the end of every financial year. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. In accordance with Indian Accounting Standard (Ind AS) 19 on 'Employee Benefits', commitments are actuarially determined using the 'Projected Unit Credit' Method. Gains and losses on changes in actuarial assumptions are accounted for in the statement of profit and loss as other comprehensive income.

The following tables summarize the components of net benefit expense recognized in the statement of profit and loss and amounts recognized in the Balance Sheet for the gratuity plan:

Notes to the Financial Statements for the year ended March 31, 2023

(₹ in million unless otherwise stated)

36 - First time adoption of Indian accounting standards

These financial statements, for the year ended March 31, 2023, are the first financial statements which have been prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2022, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP). The Company follows directions prescribed by the Reserve Bank of India ('RBI') for Non-Banking Finance Company ('NBFC').

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2023, together with the comparative period data as at and for the year ended March 31, 2022, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 01, 2021, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements.

A TRANSITION EXEMPTIONS APPLIED:

A. A first-time adopter may opt to continue with the carrying value for all of its PPE as recognized in its previous GAAP financial as deemed cost at the transition date. Company has used Ind AS 101 exemption and continued with the carrying value as recognized in previous GAAP as deemed cost on the transition date.

B. In separate financial statements, a first-time adopter that subsequently measures an investment in a subsidiary, joint ventures or associate at cost, may measure such investment at cost (determined in accordance with Ind AS 27) or deemed cost (fair value or previous GAAP carrying amount) in its separate opening Ind AS balance sheet. Selection of fair value or previous GAAP carrying amount for determining deemed cost can be done for each subsidiary, associate and joint venture. Accordingly, the company has opted to measure its investment in Subsidiaries, Associate at previous GAAP carrying amount which is considered to be the deemed cost.

B ESTIMATES:

The estimates at April 01, 2021 and at March 31, 2022 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from the following items where application of Indian GAAP did not require estimation:

- FVTPL/ FVOCI – equity and debt instrument
- Impairment of financial assets

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions at April 01, 2021, the date of transition to Ind AS and as of March 31, 2022.

C Reconciliation of equity, total comprehensive income and cash flows as reported as per ind as, in this statement with as reported in previous years as per previous indian gaap

Notes:

1. Under previous GAAP, transaction costs (processing fee) charged to customers was recognised upfront while under Ind AS, such costs are included in the initial recognition amount of financial asset and recognised as interest income using the effective interest method. Similarly, Under Indian GAAP, transaction costs incurred in connection with loans and advances are amortised upfront and charge to profit and loss for the year Under Ind AS, transactions cost are included in the initial recognition amount of financial assets measured at amortised cost and charged to profit and loss using the effective interest method.

Under previous GAAP, transaction costs incurred on borrowings was charged to statement of profit and loss while under Ind AS, such costs are included in the initial recognition amount of financial liabilities and recognised as interest expense using the effective interest method.

2. Deferred tax adjustments : Deferred tax have been recognized on the adjustments made on transition to Ind AS.

SATYA MICRO HOUSING FINANCE PRIVATE LIMITED

(Formerly known as Baid Housing Finance Private Limited)

Notes to the Financial Statements for the year ended March 31, 2023

(Rupees in million unless otherwise stated)

1. Corporate information

Satya Micro Housing Finance Private Limited (formerly known as Baid Housing Finance Private Limited) ('SATYA' or the 'Company') is a private Company domiciled in India and incorporated under the provisions of the Companies Act, 1956 on December 16, 2008. The Company is registered as Housing Finance Company ('HFC') with the Reserve Bank of India ('RBI') holding Certificate of Registration (CoR) issued by Reserve Bank of India dated January 16, 2023. The registered office address of the Company is 519, 5th Floor, DLF Prime Tower, Okhla Industrial Area, Phase-1, New Delhi-110020.

The Company is primarily engaged in the business of housing finance providing small value secured/unsecured loans to low-income customers in urban, semi-urban and rural areas.

2. Basis of preparation

a) Statement of compliance in preparation of financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) along with other relevant provisions of the Act, the Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 ('the NBFC Master Direction'). The financial statements have been prepared on a going concern basis.

The financial statements have been prepared on a historical cost basis, except for financial instruments which have been measured at fair value. Further, the carrying values of recognized assets and liabilities that are hedged items in fair value hedges, and otherwise carried at amortised cost, are adjusted to record changes in fair value attributable to the risks that are being hedged. The financial statements are presented in Indian Rupees (INR) and all the values are rounded off to the nearest millions except when otherwise indicated.

b) Presentation of financial statements

The Company presents its balance sheet in order of liquidity. Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when Ind AS specifically permits the same or it has an unconditionally legally enforceable right to offset the recognized amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically.

3. Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

4. Significant accounting policies

a) Use of estimates, judgments and assumptions

The preparation of standalone financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected. Although these estimates are based on the management’s best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements is included in the following notes:

i) Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

ii) Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

iii) Impairment of loan portfolio

Judgment is required by management in the estimation of the amount and timing of future cash flows when determining an impairment allowance for loans and advances. In estimating these cash flows, the Company makes judgments about the borrower’s financial situation. These estimates are based on assumptions about a number of factors such as credit quality, level of arrears etc. and actual results may differ, resulting in future changes to the impairment allowance.

Overview of the Expected Credit Loss (ECL) principles:

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitments and financial guarantee contracts, in this section all referred to as ‘financial instruments’. Equity instruments are not subject to impairment under Ind AS 109.

Expected credit losses (ECL) are a probability weighted estimate of the present value of credit losses. Credit loss is the difference between all contractual cash flows that are due to the Company under the contract, and all the cash flows that the Company expects to receive (i.e. net cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are a portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that result if a default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

A loss allowance for full lifetime ECL is required for a financial instrument if the credit risk on that financial instrument has increased significantly since initial recognition. For all other financial instruments, ECLs are measured at an amount equal to the 12-month ECL.

The Company measures ECL for stage 3 assets (as defined below) on an individual basis. The measurement of the loss allowance is based on the present value of the asset's expected cash flows using the asset's original effective interest rate (EIR).

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

The Company has established a policy to perform an assessment, at the end of each reporting period, whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of a default occurring over the remaining life of the financial instrument.

Based on the above process, the Company categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1 - Performing assets (high quality assets) with zero to thirty days past due (DPD). Stage 1 loans also include facilities where the credit risk has improved and the loans has been reclassified from Stage 2.

Stage 2 - Under-performing assets (assets for which there is significant increase in credit risk) having 31 to 90 DPD.

Stage 3 - Non-performing assets (credit impaired assets) with overdue more than 90 DPD.

Definition of Default

The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL.

The Company considers the following as constituting an event of default:

- the borrower is past due more than 90 days on any material credit obligation to the Company ; or
- the borrower is unlikely to pay its credit obligations to the Corporation in full.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18 and loans under short term financing, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses. Further, to measure lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

The Financial assets for which the Company has no reasonable expectations of recovering either the entire outstanding amount, or a proportion thereof, the gross carrying amount of the financial asset is reduced. This is considered a (partial) derecognition of the financial asset.

iv) Provisions other than impairment on loan portfolio

Provisions are held in respect of a range of future obligations such as employee entitlements and litigation provisions. Some of the provisions involve significant judgment about the likely outcome of various events and estimated future cash flows. The measurement of these provisions involves the exercise of management judgments about the ultimate outcomes of the transactions. Payments that are expected to be incurred after more than one year are discounted at a rate which reflects both current interest rates and the risks specific to that provision.

v) Effective Interest Rate ('EIR') method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behavior and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

viii) Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

b) Recognition Recognition

Revenue is recognised to the extent that the economic benefits probably flow to the Company, and the revenue can be reliably measured, and there exists reasonable certainty of its recovery.

The Company recognises revenue from contracts with customers (other than financial assets to which Ind AS 109 - 'Financial instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 - 'Revenue from contracts with customers'. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognises revenue only on satisfactory completion of performance obligations.

i. Interest and Processing Fee income on loans

Interest income on financial instruments at amortised cost is recognised on a time proportion basis, taking into account the amount outstanding and the effective interest rate (EIR) applicable. Interest on financial instruments measured as at fair value is included within the fair value movement during the period.

The EIR is the rate that exactly discounts estimated future cash flows of the financial instrument through the expected life of the financial instrument or, where appropriate, a shorter period, to the net carrying

amount of the financial instrument. The future cash flows are estimated, taking into account all the contractual terms of the instrument.

The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options). It includes all fees paid or received between parties to the contract that are incremental and are directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts. For financial assets at FVTPL (fair value through profit & loss), transaction costs are recognised in profit or loss at initial recognition.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit impaired financial assets, the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses (ECLs)). However, no interest has been charged on credit impaired loans as a matter of prudence. Overdue interest and other ancillary charges in respect of loans are recognized upon realisation. The Company earns revenue primarily from giving loans. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Interest and loan processing fees are recognized using the effective interest method (EIR). The effective interest method calculates the amortized cost of a financial instrument and allocates the interest income over the relevant period. The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the gross carrying amount of the financial asset or liability. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are directly attributable to the instrument and are an integral part of the EIR, but not future credit losses.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income to the extent recoverable. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

ii. Fees and commissions income

Fees and commissions income i.e. login fee, penal interest on defaults, pre-payment / other charges, fees for advertising in offices / website etc. (other than for those items to which Ind AS 109 Financial Instruments are applicable) is recognised in accordance with the terms of the relevant contracts / agreements and when it is probable that the Company will collect the consideration.

iii. Dividend income

Dividend income is recognized when the Company's right to receive the payment is established, which is generally when the shareholders approve the dividend.

c) Property, plant and equipment (PPE) and intangible asset

i. Property, plant and equipment (PPE)

PPE are stated at cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

SATYA MICRO HOUSING FINANCE PRIVATE LIMITED
(Formerly known as Baid Housing Finance Private Limited)
Notes to the Financial Statements for the year ended March 31, 2023

(Rupees in million unless otherwise stated)

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

ii. Intangible Asset

Intangible assets represent capital expenditure towards software which is stated at cost less accumulated amortization and any accumulated impairment losses.

d) Depreciation and amortization

Depreciation

- i. Depreciation on property, plant and equipment provided on a written down value method at the rates arrived based on useful life of the assets, prescribed under Schedule II to the Companies Act, 2013, which also represents the estimate of the useful life of the assets by the management.
- ii. Property, plant and equipment costing up to Rs.5,000 individually are fully depreciated in the year of purchase.

The Company has used the following useful lives to provide depreciation on its Property, plant and equipment:

Asset Category	Useful Life (In Years)
(i) Furniture and fittings	10
(ii) Computers and data processing units	
(a) Servers and networks	6
(b) End user devices, such as, desktops, laptops, etc.	3
(iii) Office equipment	5
(iv) Motor vehicles	
(a) Motor cars	8
(b) Two-Wheeler Vehicles	10
(v) Building	60

Amortization

Intangible assets are amortized on the basis of Straight-Line Method over a period of 4 years.

ii) Non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

e) Lessees

i. Where the Company is lessee – Right of use assets and lease liabilities

Till previous year, assets acquired on leases where a significant portion of risk and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on straightline basis except where scheduled increase in rent compensate the lessor for expected inflationary costs.

For any new contracts entered into on or after 1 April 2019, the Company considers whether a contract is, or contains a lease (the transition approach has been explained and disclosed in notes). A lease is defined as ‘a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration’.

Classification of leases

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee’s option to extend/purchase etc.

Recognition and initial measurement

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company’s incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in statement of profit and loss on a straight-line basis over the lease term.

ii. Where the Company is lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease, except when the lease rentals, increase are in line with general inflation index. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

f) Foreign currency transactions

• **Functional and presentation currency**

The financial statements are presented in Indian Rupees (INR), which are the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

• **Transaction and balance**

Transactions in foreign currencies are initially recorded in the functional currency at the spot rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the spot rate of exchange at the reporting date. Non-monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

g) Retirement and Employee benefits

Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

The Company operates following employee benefit plans:

i) Employee Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as expenditure when an employee renders the related service.

SATYA MICRO HOUSING FINANCE PRIVATE LIMITED

(Formerly known as Baid Housing Finance Private Limited)

Notes to the Financial Statements for the year ended March 31, 2023

(Rupees in million unless otherwise stated)

ii) Gratuity

In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses, are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

iii) Leaves

Entitlements to annual leave are recognized when they accrue to the employees. Leave entitlements can be availed while in service of employment subject to restriction on the maximum number of accumulations. The Company determines the liability for such accumulated leave entitlements on the basis of actuarial valuation carried out by an independent actuary at the Year end.

- h)** Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income ('OCI') or directly in equity.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Current income-tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Deferred tax assets or liability arising during tax holiday period is not recognised to the extent it reverses out within the tax holiday period. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

J) Earnings per share (EPS)

The Company reports basic and diluted earnings per share in accordance with Ind AS33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

K) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The increase in the provision due to un-winding of discount over passage of time is recognized within finance costs.

L) Contingent liabilities and assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the standalone financial statements.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

M) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial Measurement and recognition

Financial assets are initially recognized on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention when acquiring them. All financial assets (not measured subsequently at fair value through profit or loss) are recognized initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- Loan Portfolio at amortized cost
- Loan Portfolio at fair value through other comprehensive income (FVOCI)
- Equity instruments and mutual funds

Loan Portfolio at amortized cost:

Loan Portfolio is subsequently measured at amortized cost where:

- contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest (SPPI) on the principal amount outstanding; and
- are held within a business model whose objective is achieved by holding to collect contractual cash flows.

After initial measurement, these financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the statement of profit and loss.

Loan Portfolio at FVOCI:

Loan Portfolio is subsequently measured at FVOCI where:

- contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest (SPPI) on the principal amount outstanding; and
- the financial asset is held within a business model where objective is achieved by both collecting contractual cash flows and selling financial assets.

Loans included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is recognized as interest income using the EIR method.

Financial liabilities

Initial Measurement

Financial liabilities are classified and measured at amortized cost. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

De-recognition of financial assets and financial liabilities

Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is de-recognized when the rights to receive cash flows from the financial asset have expired. The Company also de-recognizes the financial asset if it has transferred the financial asset and the transfer qualifies for de-recognition.

The Company has transferred the financial asset if, and only if, either:

- It has transferred its contractual rights to receive cash flows from the financial asset
or
- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following three conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates.
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients.
- The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay.

In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients. A transfer only qualifies for de-recognition if either:

- The Company has transferred substantially all the risks and rewards of the asset
or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer. When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognized only to the extent of the Company's continuing involvement, in which case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset in its entirety, the difference between: (a) the carrying amount (measured at the date of derecognition) and (b) the consideration received (including any new asset obtained less any new liability assumed) is recognized in the statement of profit or loss account.

Derecognition due to modification of terms and conditions

The Company de-recognizes a financial asset, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognized as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognized loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be Purchase Oriented Credit Impaired ("POCI").

(Rupees in million unless otherwise stated)

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Financial Liabilities

Financial liability is de-recognized when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the re-cognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

N) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date using various valuation techniques.

Fair value is the price at the measurement date, at which an asset can be sold or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

The Company's accounting policies require, measurement of certain financial instruments at fair values (either on a recurring or non-recurring basis). Also, the fair values of financial instruments measured at amortized cost are required to be disclosed in the said standalone financial statements.

Accordingly, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy described as follows:

- Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 financial instruments - Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.
- Level 3 financial instruments – include one or more unobservable input where there is little market activity for the asset/liability at the measurement date that is significant to the measurement as a whole.

O) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

P) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company's primary business segments are reflected based on the principal

business carried out, i.e. lending activities as Housing Finance Company (HFC) regulated by the Reserve Bank of India ('RBI'). The risk and returns of the business of the Company is not associated with geographical segmentation, hence there is no secondary segment.

Q) Share capital and Other Equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

R) Prior Period Items

Material prior period errors are corrected retrospectively by restating the comparative amounts for prior period presented in which the error occurred or if the error occurred before the earliest period presented, by restating the opening statement of financial position.

S) Cash Flow Statement

Cash Flows are reported using the indirect method as per IND AS 7 "Statement of Cash Flows".
